Before you invest in any fund, consider how the fund would work with your other investments and your tolerance for risk.

This Fund is an alternative mutual fund. It invests in asset classes and/or uses investment strategies that are not permitted for conventional mutual funds. The specific strategies that differentiate this Fund from conventional mutual funds include increased use of derivatives for hedging and non-hedging purposes; increased ability to sell securities short; and the ability to borrow cash to use for investment purposes. While these strategies will be used in accordance with the Fund’s investment objective and strategies, during certain market conditions they may accelerate the pace at which your investment decreases in value.

What does the fund invest in?

The investment objective of the Fund is to achieve attractive risk adjusted rates of return that deliver long-term capital appreciation to unitholders.

The Fund will invest primarily in the securities of publicly traded Canadian companies that the Portfolio Manager identifies as mispriced. Long and short positions will be determined primarily based (in part) on recommendations provided by Veritas Investment Research Corporation (an affiliate of the Portfolio Manager). The Portfolio Manager may also invest in securities that are not formally covered by Veritas Investment Research Corporation.

The Fund will manage its long and short positions to reduce the impact of market volatility on the Fund’s investment portfolio.

The Fund’s aggregate gross exposure must not exceed three times its net asset value, calculated on a daily basis. During normal market conditions, the Fund’s expected range of aggregate gross exposure is 1.3 times its net asset value.

How risky is it?

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund's returns change over time. This is called "volatility".

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

Risk Rating

Veritas has rated the volatility of this Fund as medium.

Because this is a new Fund, the risk rating is only an estimate by Veritas. Generally, the rating is based on how much the Fund's returns have changed from year to year. It doesn't tell you how volatile the Fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

For more information about the risk rating and specific risks that can affect the Fund's returns, see *What are the Risks of Investing in the Fund* section of the Fund's simplified prospectus.

No guarantees

Like most mutual funds, this Fund doesn't have any guarantees. You may not get back the money you invest.

How has the Fund performed?

This section tells you how Series I units of the Fund have performed since its inception. Returns are after expenses have been deducted. These expenses reduce the fund's returns. However, this information is not available because the Fund has not yet completed a calendar year.

Year-by-year returns

This information is not available because the Fund has not completed a full calendar year of performance.

Best and worst 3-month returns

This information is not available because the Fund has not completed 12 consecutive months of performance.

Average return

This information is not available because the Fund has not completed 12 consecutive months of performance.

Who is this Fund for?

Investors who:

- Plan to invest for the medium term or longer
- Want access to research-driven investing
- Want to gain exposure to an actively managed portfolio of Canadian equities,
- Seek capital protection in volatile markets; and
- Are comfortable with a medium risk level.

A word about tax

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the Fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund outside a registered plan, fund distributions are included in your income for tax purposes, whether you get them in cash or have them reinvested. If you hold your fund inside a registered plan, you will include fund distributions and other amounts you withdraw from your registered plan in your income for tax purposes. Different rules apply for Tax-Free Savings Accounts.

How much does this cost?

The following table shows the fees and expenses you could pay to buy, own and sell Series I units of the Fund.

The fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

Sales charges

No sales charges apply when you purchase Series I units of the Fund.

Fund expenses

You don't pay these expenses directly. They affect you because they reduce the Fund's returns.

The Fund's expenses are made up of the operating expenses and trading costs.

As of December 31, 2019, the Fund's expenses were 1.96% of its value. This equals \$19.60 for every \$1,000 invested.

What if I change my mind?

Under securities law in some provinces, you have the right to:

- withdraw from an agreement to buy mutual funds within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase order within 48 hours after you receive confirmation of the purchase.

In some provinces, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, annual information form, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province.

For more information, see the securities law of your province or ask a lawyer.
